So Much To Do In

The Shiawassee River

Shiawassee County is named for its principal river The Shiawassee. The river is about 110 miles long. It is one of the best examples of a warm-water river system in its eco-region. Its waters support over 61 species of fish and 14 species of freshwater mussel, including some rare and endangered species. We encourage you to spend a relaxed afternoon exploring the many features the Shiawassee River has to offer.

Canoeing and Kayaking

The Shiawassee River Valley is a country scenic setting—the river is a Class 1 stream for beginners and rises to intermediate during higher flows. It traverses through many scenic landscapes, historic communities and many county and municipal parks. The Friends of the Shiawassee River have recently completed five new canoe launches between Geck Road County Park and Henderson Road County Park. For a complete river guide visit www.shiawassee.org.

Fishing & Wildlife

Be ready to reel in some nice size fish in our relatively shallow river. The Shiawassee is a favorite of fly fishers catching smallmouth bass. Other varieties that may be hooked include: walleye, carp, suckers, rock bass, pike and blue gill. It is not uncommon to see raccoons, beaver, great blue heron, white-tailed deer, and Kingfisher. Be sure to keep your eye out for Bald Eagles as well.

James S. Miner River Walk

Nestled along the river is a five mile River Walk, beginning in Corunna's McCurdy Park and ending in Owosso's Harmon-Partridge Park. It winds and curves along the river and is literally a sightseeing splendor passing by dozens of the areas best attractions. The new Sam & Opal Voight walkway also wraps along both the north and south sides of the river, adding another mile to walk, bike or run.

DeVries Nature Conservancy

2635 N. M-52, Owosso, MI 48867

www.devriesnature.org • 989-723-3365

Along with the leisurely bike ride, Shiawassee County is proud to have several organized rides on a weekly basis, spring through fall. Celebrate Pere Marquette 1225's "Diamond Jubilee"

On November 4, 1941, the Lima Locomotive Works delivered the 25th in a series of 39 "Superpower" steam locomotives to Michigan's own Pere Marquette Railway. Miraculously, locomotive #1225 still survives today, and resides right here in Shiawassee County. Come celebrate Pere Marquette 1225's "Diamond Jubilee" exactly 75 years after it was born on November 4, 2016, at the Steam Railroading Institute, 405 S. Washington Street, in Owosso. There will be an open house reception from 4 to 8 pm at the Institute's Visitor Center, featuring appetizers, music, and an appearance by steam locomotive 1225.

After 10 years of service for the railroad company, PM 1225 faced an early retirement as diesel locomotives took over the rails. Stored in a railroad yard in western Michigan and waiting to become recycled scrap metal, PM 1225 was saved by Cyrus Eaton, Chairman of the C&O Railroad, and his friend Forest Akers, a retired Dodge Motor Company executive and Trustee at Michigan State University. These two men arranged for 1225 to be donated to the MSU museum in 1957.

Thirteen years later, a group of MSU students formed the MSU Railroad Club, with the goal of returning PM 1225 to operation one day. Joined by successive classes of students, retired steam railroaders, and rail fans, their goal was eventually accomplished and the 1225 moved to a permanent home in the former Ann Arbor railroad yards in Owosso. In 2004, PM 1225 served as the animation and sound recording source for "The Polar Express" feature film. The Steam Railroading Institute hosts many events throughout the year, including the popular "North Pole Express" holiday trains during November and December. On Saturday, November 5th, the day after this open house, 1225 will pull a special excursion train to celebrate her birthday. For information about any event at SRI, please visit www.michigansteamtrain.com or follow the Steam Railroading Institute on Facebook.

Stop by on November 4th to learn more about the history of Pere Marquette 1225, steam railroading, the city of Owosso, and see a magnificent survivor of the days of steam power.

Celebrating Wolverine Sign Works in Owosso

2016 marks the 100th anniversary for Wolverine Sign Works in Owosso. The company was founded by Ralph Vosburg and J. Gratz Cook in 1916. The partners began renting signs erected in farmers' fields along roadsides to advertise their customers' businesses.

One-hundred years later the billboard business remains strong and continues to be family owned and operated, currently run by a fourth generation of Cooks. Coincidentally, this 100th anniversary year is shared with their oldest and largest customer; Auto-Owners Insurance.

Woodard Celebrates 150th Anniversary

Woodard is celebrating its 150th anniversary in 2016. Woodard was founded in 1866 by Lyman Woodard, who started a bedroom furniture company utilizing a mill located on the Shiawassee river, where the Owosso City Hall sits today. Woodard at one time was also the worlds largest manufacture of wood caskets. Today, Woodard employs nearly 200 people and manufactures high end outdoor patio furniture.
